## "Come Sail Away" Marion-Bermuda Race Commences This Weekend

By Kenneth J. Souza

On Friday, June 18, the biennial Marion-Bermuda Cruising Yacht Race will kick off in an area just south of the entrance to Sippican Harbor in Marion. Over 100 yachts — ranging in size from 32 feet to over 60 feet — will cross the line and race each other to Bermuda in what has become one of the most popular sailing races on the east coast. The first of six classes of yachts will hear the warming gun at 12:30 pm and the actual start of the first group of racers will be 12:45 pm ... of course, weather-permitting.

Started in 1977, the first Marion-Bermuda Cruising Yacht Race saw 104 starters cross the line. The going was slow in light southwesterly winds and most of the expectant officials at the finish line thought *Chee Chee* would cross first. But her position was not accurate and *Silkie* appeared to take line honors, first on corrected time and first short handed.

The second race in 1979 saw 128 starters plunging into 25-knot southwesterly winds. The lack of cooperation from Mother Nature caused two dismastings and 14 boats which did not finish the race. *Silkie* took the short handed trophy that year while *Gabriella* took first to finish and first on corrected time. A new Family Trophy was also awarded for the first time that year to *Asteroid*.

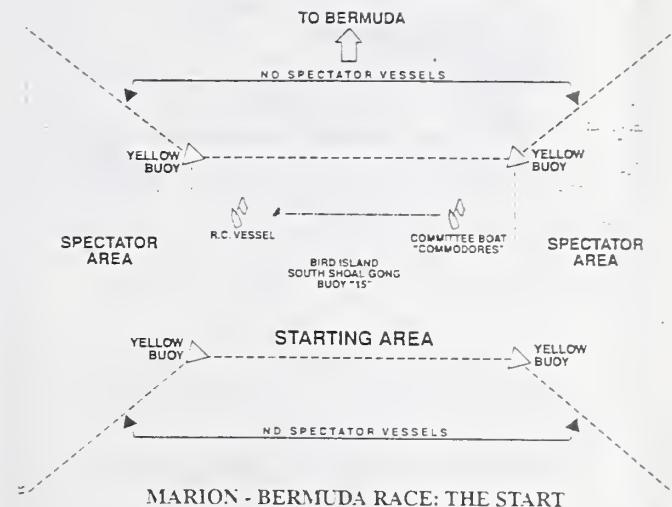

In the 1983 race, Ron Noonan's *Wildflower* from Class G won first overall; Herb Marcus again took honors sailing short handed with *Silkie*; and *Asteroid* took home the Family Trophy.

High winds and thunderstorms plagued the 1985 race causing two dismastings and 22 withdrawals from the competition. *Silkie* again took the short handed trophy and *Legend* was awarded the Family Prize. The Bavier Trophy went to *Carioca* and the Air-Sea Rescue Team of the U.S. Naval Air Station.

On Friday, June 19, 1987, a fleet of 149 yachts huddled around the starting line in Sippican Harbor. The 59-foot Class A cutter *Runaway* took line honors on Monday night, completing the race in 80 hours. *Legend*, the winner of the First Overall, took the Class B silverware along with the Family Trophy.

The start of the 1989 race was postponed due to the lack of adequate wind. However, once the race was underway, a record 163 vessels — the biggest fleet in the history of the race thus far — cleared the starting line. On Monday, Warren Brown's *War Baby* of Bermuda crossed the finish line after 72.5 hours at sea, breaking the previous year's record. Corrected time honors went to John Elliot's 34-foot Class F sloop *Yukon Jack*, followed closely by Commodore Jim Hayes' 40-foot Class E sloop *Shambles*.

Though entries for the 1991 race were down from the record '89 fleet, 117 yachts cleared the starting line

*Above: To avoid interfering with the participants in the Marion-Bermuda Cruising Yacht Race this year, race officials are reminding local boaters in Sippican Harbor to remain within the designated "spectator area" at the start of the race on Friday, June 18.*

*Cover insert: Motown tribute group Spectrum will be the headlining act at this year's Outdoor Concert at Silvershell Beach in Marion on Saturday, June 26 beginning at 7:00 pm. The band will perform classic hits from Motown groups like The Four Tops. Tickets are \$15 in advance and \$18 the day of the show and can be obtained by calling 748-6639. without incident. Corrected time honors went to Richard Carleton's Class E Pearson 36, *Orion*, followed very closely by Morris Kellogg's Class F 43-foot *Shannon*, *Blue Magic*. The Bavier Seamanship/Sportsman Trophy was awarded to Francis Checkoski for his outstanding performance bringing his vessel safely into Bermuda.

The ninth Marion-Bermuda Race was held on June 15, 1993 and brought 115 entries to Sippican Harbor. On Monday evening, the Bermuda vessel *Alphida* skippered by Kirk Cooper repeated its 1991 performance, claiming line honors. Despite light winds, *Alphida* set a new Marion-Bermuda course record for the shorter course. *War Baby* still holds the record for the long course. Corrected time honors went to Ron Noonan's Class G *Wildflower*.

June 16, 1995 marked the tenth running of the Marion-Bermuda Cruising Yacht Race with 77 entries clearing the starting line in perfect weather. Dick Leather's *Columbine* crossed the line at 2220 on Tuesday to claim the First to Finish honors. Thirty minutes later, Phil Hutchinson's *Veritas* reached the line. On corrected time, *Kemancha* claimed the overall winner's trophy denying Ron Noonan's "hat trick" by less than 30 minutes. Nelson Gifford's *Sudian* was a shoo-in for the largest crew (34 all dressed in pink) and also the Best Tude Award (Best Attitude).

The last start in 1997 marked the twentieth anniversary of the Marion-Bermuda Cruising Yacht Race

with 84 yachts clearing the starting line into Buzzards Bay. For the first time, skippers were given the option to use unrestricted electronics in navigating their vessels ... however, those who opted for the old-fashioned celestial way were given a three percent bonus to their time allowance. About 75 percent of the entrants chose to "follow the stars" in the 1997 competition.

Time honors went to *Akka*, skippered by Alex Rosenbladt from Atlantic Heights, NJ. Overall first place on corrected time went to one of the smallest vessels in the fleet, *Majek*, skippered by Abbot Fletcher of Bath, ME.

At press time, 103 vessels were registered to make the trek from Marion to Bermuda in the 1999 race. Following is a listing of participating yachts and captains:

ACADIA (Burt Keenan, New Orleans, LA); AEGIS (John Gaythwaite, Manchester, MA); ALTAIR (Donald Cody, Lakeville, MA); ALTHEA (William Ewing III, New Canaan, CT); AMERICAN PROMISE (Don Tarman, Annapolis, MD); AMY MARGARETE (John Weise, Ridgewood, NJ); ARIADNE (Sohier Marks, Greenwich, CT); ASTARTE (Ray Johnson, Sturbridge, MA); AXIOS (Nicholas Nikitas, Plymouth, MA); BABE (Colin

## Animal Advice Jay Gould, DVM

### WILD BABY BIRDS

I found a baby bird on the ground. What should I feed it?

Baby birds are frequently found near their nests. If the bird has no feathers, try to find the nest and put the bird back. If the bird is mobile and feathered, keep dogs and cats away from the area and the mother bird will probably feed and care for it.

I thought that if I touched the bird the mother bird would smell my scent and would reject the baby. That's an old wives' tale as birds have poor senses of smell. Allowing the mother to raise the young increases their chances of survival.

## Mattapoisett Selectmen's Meeting

June 15, 1999

By Kenneth J. Souza

A regular meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, June 15 at 7:00 pm by Chairman Paul E. Lambalot. Also present were Selectman Barry Denham, Selectman Raymond Andrews, and Executive Secretary Carol Adams.

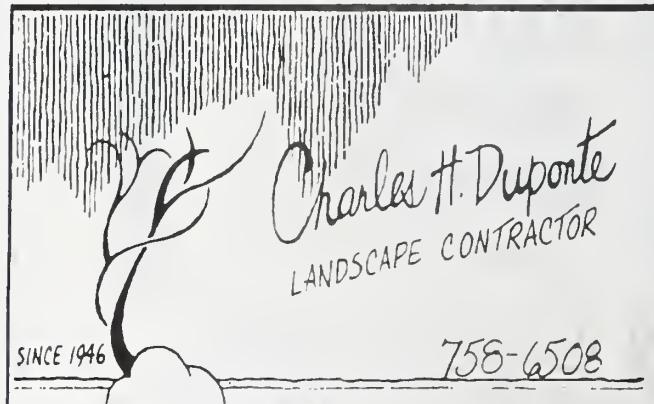

After approving the minutes of the June 1 meeting, the board met with Maryann Amoruso who requested a permit for the weekly Teen Dances to be held at Holmes Wharf on Thursday nights, June 24 through August 26. Ms. Amoruso noted that they would like to change the hours of the dances to start at 7:30 and end at 10:30 pm — last year, they were held from 7:00 to 10:00 pm.

"It's the same amount of time," Ms. Amoruso

said, "but we want to start them a half-hour later and end them a half-hour later. We have a lot of kids who work part-time during the summer, and they can't get there between 7:00 and 7:30. We don't allow anyone in 30 minutes after the dance starts ... this would give them time to get there by 8:00."

"This was a heated issue two years ago," Chairman Lambalot cautioned. "People wanted the dances to end by 9:30 ... 10:00 was a compromise. I feel obligated to live by the compromise we came to two years ago."

Ms. Amoruso stressed that last year they went to extra lengths to make sure that all kids had left the wharf area within 15 minutes after the dances ended. Residents were mostly concerned about the teens loitering until 11:00 after the dances.

"Why don't we try the new times and see if there's any problem," Selectman Denham said. "We can always go back to the 7:00 to 10:00 time."

With that, the board unanimously voted to approve the permit for the Teen Dances every Thursday night from June 24 through August 26, to start at 7:30 pm and end at 10:30 pm.

Ms. Amoruso also wanted to know if they could cut back to two on-duty police officers for the dances. "We're paying three officers for a four-hour detail and it's getting quite expensive," she said. "We used to have only two at the dances before."

Ms. Adams said she talked to Police Chief James Moran and he said they had wanted to have four detail officers on duty but agreed to cut back to three two years ago to save on costs. They prefer to have two officers at the dance and one at the entrance to the wharf area to maintain order.

• Discussed a recommendation from Fire Chief Ronald Scott to have two detail personnel from his department on duty during the Mattapoisett Inn's Anniversary Celebration at Shipyard Park on June 27. Chief Scott advised that state regulations would strongly suggest having Fire Department personnel on duty for an event of this size.

"I have recommended a minimum of two Fire Department personnel at this event to oversee several areas of hazard prescribed under Massachusetts General Laws," Chief Scott said. The board previously denied the request for two Fire Department personnel at the event.

"I'm concerned that we may be exposing ourselves to some type of liability if we don't have Fire Department personnel present," Selectman Andrews said. "(The Mattapoisett Inn) has agreed to cover the costs ... this won't be coming out of town coffers."

"There's no reason to expose ourselves to potential legal issues," Chairman Lambalot agreed. Though the board did not vote on the matter, they agreed to allow Chief Scott's recommendation to stand and would inform the Mattapoisett Inn of the need to hire two Fire Department personnel.

"I think it's a good idea and a step in the right direction," Selectman Denham said.

## Rochester Selectmen's Meeting

June 14, 1999

By Kenneth J. Souza

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, June 14, 1999 at 7:00 pm by Chairman Richard Cutler. Also present were Selectman Naida Parker, Selectman Patricia Ryan, Executive Secretary James Huntoon, and Administrative Assistant Veronica Lafreniere.

After unanimously approving the minutes of the May 17, May 24, May 25, June 1, June 3, and June 7 meetings with some minor corrections, the Selectmen considered reorganization of the board for the next year. Selectman Ryan said she felt that with so many pending issues in the works, she's prefer to keep things status quo. Selectman Parker concurred, and the board unanimously voted to retain Selectman Cutler as Chairman for another year.

The board then signed and approved a 500-gallon Flammable Fluid Permit for Sarah Miquelle for an above-ground propane tank, and another for a 500-gallon above-ground gasoline tank for Max Lawrence.

At 7:05 pm the board met with members of the Conservation Commission (ConCom) and Soil Conservation Board (SCB) to address what Chairman Cutler referred to as possible "impropriety" in recent actions taken by the SCB.

"The Board of Selectmen is required to investigate any town boards in which there may have been some improper actions," Chairman Cutler said. "There are indications that some soil removal operations in town do not have the proper permits ... and there may be possible wetlands violations. We can hold a formal hearing and/or contact the State Ethics Commission to find a resolution. If the SCB feels individually or as a

When several SCB members pressed Chairman Cutler to be more specific, he said there is at least one soil removal operation off High Street that does not have a permit. "It may be that this operation is part of another activity," he said, "but the reason that this has come to our attention is the activity (there) seems to be going on at odd hours."

"That piece of property you're talking about is attached to another (cranberry) bog, which is a permitted operation," said SCB Chairman Michael Soares. "It's the same piece of property ... you can move material on your property all day long without a permit."

When the property was further identified as being located off Pierce Street, other SCB members agreed that the operation did not require an additional permit. But Chairman Cutler was concerned that no records were being kept to explain the details of the operation.

"Do you suspect there is any lapse in record-keeping?" Chairman Cutler asked.

## MATTAPOISETT HOME OWNERS WE NEED YOUR HELP

This past Friday we were officially (served notice) that the house we've rented has been sold and that we have to terminate tenancy July 15, 1999. The day before our wedding. We are devastated. We have been planning our wedding for the past 11 months. All the arrangements are complete. The wedding and reception will go on as planned. If anyone has a home they could rent to us available in the very near future, please contact us. Mature, stable adults with no children or pets. Local business owners with excellent references. Shaun Murphy and Mary Ellen Perry, 758-9864.

Mr. Soares replied: "No."

"We just want to make sure that everything is above board," Chairman Cutler said. "We realize that the Soil Conservation By-Laws have been helpful ... but we also don't think agricultural businesses should go without scrutiny."

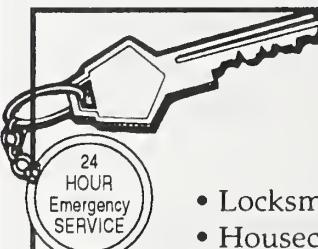

"I want to state that the first time you find things are not above board, I'll step down," Mr. Soares said. "I've been trying hard to work with everyone."

The core of the controversy seemed to be with SCB member Sandra Keese, who said she had some concerns about the site in question, adding that it was her opinion after a recent site visit that the operation was encroaching upon a swamp area.

Property owner Bill Milka piped in his disapproval of Ms. Keese's statements, adding that she entered his property without introducing herself and began accusing him of being in violation of the Wetlands Protection Act. "She has no right to ruffle my feathers about conservation issues," he said, "she's not on the Conservation Commission."

Executive Secretary Huntoon interjected that Conservation Agent Laurell Farinon visited Mr. Milka's site earlier in the day but could not be present at the meeting. She asked him to pass along that Mr. Milka was in total compliance and there were no violations evident at the site.

After further debating and arguing among SCB members, Selectman Parker succinctly summed up the

climate: "It seems to me there's zero tolerance for other people's opinions on this board."

"I can understand how this escalated into a confrontation," she continued, now addressing her comments to Mr. Soares. "When I'm asking you a question you don't even let me finish."

"One of the things that bothers me is the process," Selectman Ryan said. "I think when you make a site visit, you should all take notes, and then meet as a board to discuss your observations. It just seems as though those kind of questions and discussions needed to be well planned."

Since there didn't seem to be any evidence of impropriety on the part of the SCB, Chairman Cutler suggested they just let the board work to improve communication between its members. "It sounds to me like you're working through all these issues," he said, "I don't think there's any need to proceed with this."

Under the Executive Secretary's report, Mr. Huntoon asked the board to revisit the reappointment of the town's Animal Control Officers which they previously tabled. "I don't think we should make any changes right now," Mr. Huntoon said. "I suggest we reappoint them for another year." The board unanimously voted as per Mr. Huntoon's recommendation.

In other pending regional matters, Mr. Huntoon said he'll be working with Ray Pickles in Marion and Carol Adams in Mattapoisett to schedule the walking of the town bounds for all three boards; and they all agreed to hold off on the next Tri-Town Selectmen's Meeting until the fall.

Under incoming correspondence, the board received a letter from John Wing who expressed his concern over the speed of motor vehicles along Mendell Road where he lives. He wanted to know if speed limit signs could be posted to curb this problem. Selectman

Parker noted that speed limits are set by the state, and Chairman Cutler suggested forwarding this matter to both Highway Surveyor Jeff Eldridge and Police Chief Walter Denham for their input. The board unanimously moved this suggestion.

In other matters, the board:

- Considered changing Mr. Huntoon's official title from Executive Secretary to Town Administrator. "It just seems cleaner to me to call what Jim does a 'Town Administrator,'" said Selectman Ryan. But Chairman Cutler suggested waiting until Mr. Huntoon's first annual performance review to make any formal changes in his position.

- Asked for residents to serve on an ad hoc committee to look into setting up an Ambulance Service for the Town of Rochester. They would like four or five members on this committee, and interested parties should contact the Board of Selectmen, c/o Rochester Town Hall, 1 Constitution Way, Rochester, MA 02770.

- Reminded residents that an Override Election will be held on Wednesday, June 23 in the Rochester Town

Hall. Polls will be open from 8:00 am to 8:00 pm.

• Agreed to look into establishing a policy and procedure for the use of town-owned facilities. "We're growing, and before it becomes an issue, we should look into it," Selectman Ryan said.

• Asked Mr. Huntoon to look into either purchasing a voice mail system for Town Hall or getting individual answering machines for select departments. Apparently, it's been difficult to leave messages for certain part-time departments, and this would make it easier for residents to contact town officials.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 9:22 pm.

### Letters to the Editor

To the Editor:

*[The following is a letter addressed to the administration at Old Rochester Regional High School.]*

We're writing in regards to the graduation ceremony celebrated (on June 6). We couldn't ask for a better day (weather-wise), the decorations were so professionally arranged and the speakers were short, sweet, somewhat different and very meaningful. But, there was something missing, which hit us hard well after celebrating this special day back home in some relaxed, quiet peaceful time with Scott, his sibling, and some of his closer friends who stopped by to "chill." The missing link was a someone.

As our child has grown up with many of these young adults, we as parents have cared for and watched over many of them as our very own! It saddens us deeply that the name of Matthew S. Russo was not even acknowledged at the graduation ceremony. This is a total disgrace upon the school! Since his name was listed among the Graduating Class of 1999, I'm sure he met the criteria expected just like each one of his fellow grads. Graduation is a very special, memorable time — a milestone event in a teenager's life. They need as much positive support and heartfelt memories from parents, friends, and school administrator/faculty members as possible.

Mr. Egan, in referring back to your "six suggested rules" (which would all apply here) we feel, most importantly, "hearing the name" of Matthew S. Russo on June 6 at about 2:00 pm would have been the *sweetest sound* many of us could have heard — *especially to his parents*. We have been to neighboring school graduations where similar circumstances have occurred. These schools had announced the absent grad's name and had

the parents accept his/her diploma (*which I'm sure the Russo's would have been more than willing and honored to participate in, if asked*); and/or had an empty chair with a cap and gown draped over it representing his/her absence (*which, again, I'm sure the Russo's would have gone along with, if asked*). All of the aforementioned would have been very simple, memorable and heartfelt.

You see, Matthew left not only his "shoes" behind (and not because they were uncomfortable and under the worst possible circumstances maybe even giving up something very much more dear than that); but also his family, friends, and school to take on a new challenging future to which he was called upon earlier than expected (regarding the uncontrolling conditions in Kosovo). We know deep down from his heart that Matt made one of the most difficult, righteous choices he's had to make in leaving early. How could he not, though — he's

To the Editor:

The partnership of parent and school is alive and well at Old Rochester Regional High School! On the evening of May 7, 1999, parents of Junior Class members along with the high school staff sponsored a drug-free, alcohol-free After-Prom Party in the high school gymnasium and cafeteria. Parents as well as community members and businesses contributed donations of cash, merchandise, and their energy to ensure that each student attending the party would have a night filled with fun, friendship and lasting memories. The members of the Class of 2000 and their advisors want to thank the parents who worked so diligently to plan and execute this wonderful, safe party. We couldn't have done it without you!

Sincerely,

### MORE THAN YOU BARGAINED FOR

If you have a thought toward selling your home on your own, unless you are a Realtor or an attorney, you'll be in for an unpleasant revelation. Selling a home involves a mass of petty details. There's paper work to do, attorneys to be dealt with, a title search to be made, and vital arrangements to be made concerning down payment, escrow accounts and mortgage financing. Unless you're an expert on these subjects, you'll be working at a disadvantage. Erring on any one of these details could ruin your

sleeping habits and your financial position.

Honestly, it pays to sell your home through our office. Our full-time business is to keep on top of these details. We are alert to every step of the transaction, know how to make the necessary arrangements, and follow through details. Our staff knows how important it is to protect all parties against misunderstandings and the importance of all agreements being in writing.

The Fairhaven/Mattapoisett Club is the local chapter of Kiwanis International (now in 76 countries worldwide) with the welfare of children as its primary objective. Regionally, Kiwanis of New England provide financial support for children in need of treatment from trauma at the Kiwanis Pediatric Trauma Institute (KPTI) at the New England Medical Center in Boston. Sad as it may seem, it is estimated that up to as many as 25,000 children lose their lives because of accident-related injuries each year. More than 100,000 are permanently disabled, and 2.5 million are incapacitated for two weeks or longer. The vast majority of community hospitals are not adequately equipped to handle pediatric trauma patients.

In our local area, the Fairhaven/Mattapoisett Kiwanis Club is engaged in a fund-raising drive. Patrick Barry, a fourth grader at the Leroy L. Wood School in Fairhaven, is the victim of Duchenne's Muscular Dystrophy, a degenerative muscle disease for which there is no known cure. Because of a continued loss of strength,

he is confined to an electric wheelchair and must be transported to his doctors in Boston and Connecticut. The family car cannot accommodate his wheelchair, and consequently, the Barry family is in dire need of a handicap conversion van. Due to the generosity of the local communities, the Fairhaven/Mattapoisett Kiwanis Club is approaching its goal of purchasing a van for the Barry family.

For many years, the local Kiwanians were aware of the need for a helicopter pad at St. Luke's Hospital in New Bedford. In 1993, due to the joint effort of the New Bedford and Fairhaven/Mattapoisett Kiwanis Clubs, the helicopter pad became a reality.

The club welcomes everyone to visit the Kiwanis booth and say hello during the Fairhaven Homecoming on Saturday, June 26. They will be happy to answer any questions you may have about Kiwanis, and applications and membership will be available.

# MOVIE REVIEW

## Spy Clone

BY ROB GONSALVES

local@wanderer.com

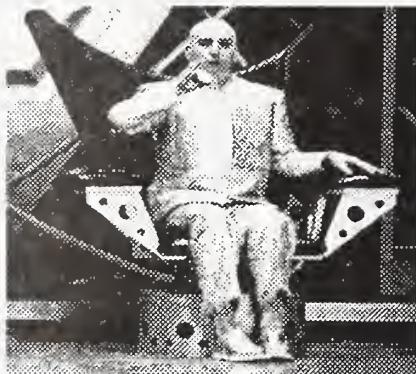

■ **Austin Powers: The Spy Who Shagged Me.** Starring Mike Myers and Heather Graham. Directed by Jay Roach. Running time: 95 minutes. MPAA rating: PG-13. At Cinema 140 in New Bedford.

From the descriptions of *Austin Powers: The Spy Who Shagged Me*, we know that Austin has lost his "mojo," and has to get it back from his nemesis Dr. Evil. But what about the *Austin Powers* franchise — does it still have its mojo? Judging from the reactions of those around me in the theater (not to mention my own response, a largely constant stream of laughter), the answer is a resounding "Yeah, baby, yeah." The movie delivers on its promise; it's a far cry from *The Phantom Menace*.

Yet, sitting here away from the laughter, I feel a slight sense of loss. *Austin Powers* is no longer the quirky little comedy you recommended to friends, the cult item passed back and forth on videotape, watched and rewatched, memorized. It's gone from being a hip little party to being a big bash where the stars turn out (there are a few celeb cameos in *AP2*). Also, the humor is much broader now, emphasizing gross-out jokes to the near-exclusion of some of the deadpan absurdity in *AP1* — such as Dr. Evil's baffling monologue in the support group ("Then in the summer we made meat helmets"), or Dr. Evil leading his cohorts in diabolical laughter that eventually petered out until they all just kind of stood around looking at each other.

With that out of the way — along with my official disapproval of the way Elizabeth Hurley's character from *AP1* is dealt with — let us praise *AP2*, not bury it. Like its predecessor, the sequel never wants to be anything more than silly and colorful, a clothesline for slapstick and sexual innuendo; the *AP* movies pick up where the *Naked Gun* series left off, reviving the old ZAZ what-the-hell, anything-for-a-laugh mojo that ZAZ themselves seem to have lost these days.

*AP1* transplanted the late-'60s swinger Austin to 1997; the new movie sends him back to 1969, along with Dr. Evil and his derisive son Scott (Seth Green, having fun popping the old man's balloon again), and I can't help thinking the sequel missed a neat opportunity to have the very '90s Scott adjust to life in 1969. As it is, Scott spends his time rolling his eyes at Dad and

competing with a new "brother" — a diminutive Dr. Evil clone named Mini-Me (Verne Troyer) who gets so many laughs that he may swiftly replace Anakin Skywalker as this summer's most popular character under four feet tall. Austin, too, gets a new partner in 1969: the alluringly named CIA agent Felicity Shagwell (Heather Graham).

As before, Mike Myers plays both Austin and Dr. Evil, and he adds a new character to his repertoire — Fat Bastard, who gives Myers the chance to work on his Scottish brogue through pounds of latex slab. Of the three, Dr. Evil easily wins the belt. Whether he's favoring his minions with a little rap number (a parody of Will Smith's "Just the Two of Us") or dealing with the "weirdness" of interoffice sex, Dr. Evil is the real hero of the movie by right of sheer comic inventiveness; he has dimensions, whereas the amiable Austin just has mannerisms — often funny ones, but nothing too surprising, nothing you didn't see in *AP1*.

I enjoyed *AP2*, enjoyed seeing these characters again and revisiting Myers' loving, candy-colored homage to British '60s culture. The only slight bummer in it, as I said, is that you can't go home again — you can only see *Austin Powers* for the first time once, and a sequel, by definition, is just same-only-different. I had the same reaction to *Scream 2*, another sequel good enough to make me wish its talented creators would do something with the same impact as *Scream*, but not another *Scream*. Similarly, having seen that Mike Myers can create something as fresh as *Austin Powers* (and as naggingly funny as Dr. Evil), and then craft a worthy, often hilarious sequel, I look forward to his next creation.

## This Week's Horoscope

by Linda Black

**Aries** (March 21-April 19). You can learn how to do it yourself around the house. It should be easier and you've got a good aptitude for that sort of thing anyway.

**Taurus** (April 20-May 20). You still may be a bit concerned about money, but instead of worrying, use these conditions to your advantage.

**Gemini** (May 21-June 21). The money is the issue, and you'll earn more of it by talking, or persuading someone else to do what you want. That's your best bet.

**Cancer** (June 22-July 22). Heed an older person's advice, but make your decision on your own. Looks like money is coming your way. Have the family over to your house, and a great time will be had by all.

**Leo** (July 23-Aug. 22). Watch your P's and Q's. A little slip up could cause a lot of embarrassment. You're looking good, so make your big moves.

**Virgo** (Aug. 23-Sept. 22). Heed the advice of older friends and save yourself a bit of money. You're pushed to perform at your very best, so put on a good show and you'll win the prize.

**Libra** (Sept. 23-Oct. 23). Toe the line. It's important that you do what an older person asks, even if you don't really agree with it. You can make your opinion heard.

**Scorpio** (Oct. 24-Nov. 21). You want to visit friends, but you want to stay home at the same time, so have them over to your house. Finish up old paperwork.

**Sagittarius** (Nov. 22-Dec. 21). Stash your money away. You're going to want it for something really fun. Hustle to make more. Let your friends teach you a new game.

**Capricorn** (Dec. 22-Jan. 19). Heed your partner's or attorney's advice. Your lender is in a good mood. Complications arise concerning shipping or receiving.

**Aquarius** (Jan. 20-Feb. 18). Your work schedule could be complicated and quite demanding. It's difficult to figure out because it isn't logical.

**Pisces** (Feb. 19-March 20). A conversation could look like romance, but it'll be hard to get together. You're working late. An older person's demands could upset your plans.

**If You're Having a Birthday This Week:** This year's about money for you, and new ways to make it. You'll get stronger with practice, and teach as well as learn.

### Costume Parade in Fairhaven

The celebration of Independence Day will come a day early in Fairhaven this year on Saturday, July 3. This is the date of the town's third annual American History Costume Parade and Independence Day Celebration, sponsored by the Office of Tourism. "This year the parade would have conflicted with church services in the town if we held it on the Fourth of July," said Tourism Director Christopher J. Richard. Once again, a select group of antique and classic autos will join the parade. A color guard will be provided by American Legion Post 166. The parade will be followed by the firing of the five Seacoast Defense cannons at Fort Phoenix.
